SUMMARY

I am looking for a way to build a good foundation for my programming skills. I am a relaxed person that likes to focus on building my skills and am looking for opportunities to help improve my skill set. I believe myself to be a hardworking person that is willing to sacrifice extra time to help get a project right. I'm very interested in working in a place that I can focus on software design as a current path for the future.

PROJECTS

Animal Shelter List Program

Spring 2015

Class project at Mansfield University

- I have worked on a variety of projects last year that has allowed me to get a basic understanding of programming and working with java.
- An animal shelter database using java that sorts and allows you to add and remove animals from your list and store them in a file.

EXPERIENCE

Arlene Brown – Mansfield, PA

2016 – Present

Lab Monitor / Tutor

- I have to maintain the computers and printers so that they are always in their best condition for anybody's use.
- Assist anybody with any problems they have to the best of my ability and assist them in getting help if requested.

Kmart – Sayre, PA

2015 – 2015

Sales Associate

- Working as a sales associate at Kmart where I worked and interacted with customers and management on a daily basis.
- Daily multitasking trying to help customers while also performing my day-to-day activities that management assigned to me.
